A single hood over the top of a window or door.

Best for **Sun shading**

How it works

QUOTE TO INSTALL

Going up on site
Corner run fixed off through the 90mm flange

01 **Price it online in minutes**
Enter your sizes at **easyshroud.com.au** for an instant estimate, or send us your plans.

02 **Approve your shop drawings**
Every job is drawn and signed off by you before a single sheet is cut.

03 **Made here, sent flat**
Cut, folded and powder coated in Heidelberg West. **Standard sizes dispatched in 15 working days**, freight Australia-wide.

04 **Two people, under 30 minutes**
Push-pin assembly and fixed through the flange by your own chippies.

Why builders switch

- **No crane, no welding**
  Flat panels stack tight, store small and carry by hand.
- **Supply-only, always**
  We make the product. We never compete for your site work.
- **Drawn before it's cut**
  Shop drawings for your approval on every order.
- **Answer within one business day**
  Talk directly to the team that designs and makes it.
